Neighborhood Place Planning Map:
Percentage of Children in State Custody in the
Selected Area for Sabine Parish on August 14, 2008*

Map produced February, 2008 by the Louisiana Department of Health and Hospitals, Office of Public Health, Section of Environmental Epidemiology and Toxicology (DEET) using data provided by the Louisiana Department of Public Safety and Corrections.

*The percentages of the information have been calculated by Dr. Gaila Satterfield (DEET) and do not represent a statistical analysis of the data.

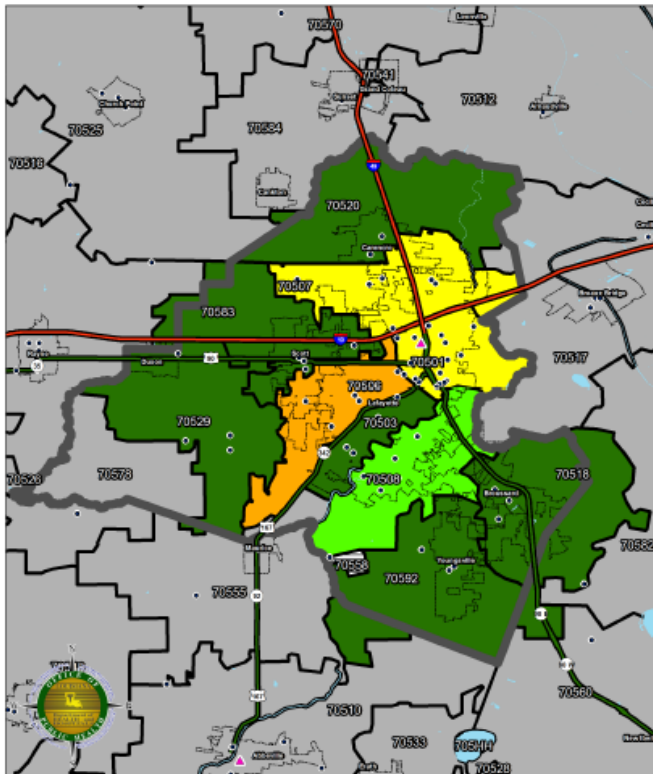

**ZCTA data is contained in a public database maintained by the parish office to identify the population in a selected area who used a parish rate calculation for the parish to which it has been assigned.

***Percentages may not equal 100% due to rounding.

DEET is using a 70% population threshold rule. DEET is using a 70% population threshold rule and generally larger than 25 square miles where the DEET data is available to determine the best data source.

****Data for this ZCTA has been adjusted to incorporate nearby ZCTA data that could not be assigned to a specific ZCTA.

Disclaimer: The Louisiana Department of Health and Hospitals, Office of Public Health, Section of Environmental Epidemiology and Toxicology (DEET) cannot guarantee the accuracy of the information contained on this map and expressly disclaims liability for errors and omissions in the contents.

Map produced February, 2008 by the Louisiana Department of Health and Hospitals, Office of Public Health, Section of Environmental Epidemiology and Toxicology (SEET) using data provided by the Louisiana Department of Education.

*Percentage of the population has been assigned to the State, Section of Environmental Epidemiology and Toxicology (SEET) and development is a statistical analysis of the data.

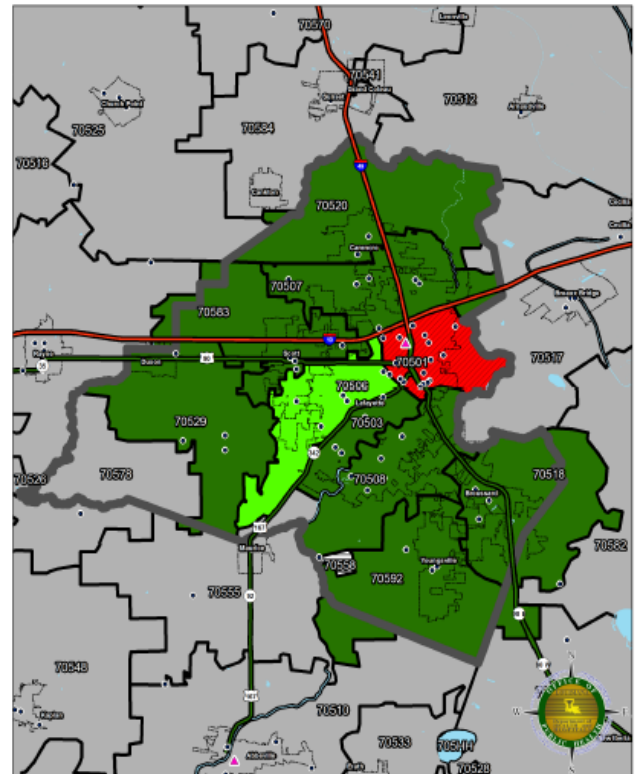

**ZCTA that is a census tract is assigned to the parish when the majority of the population is located within the parish and only used in parish-wide calculations to the parish to which it was assigned.

***Percentage map not shown 90% data is missing.

SEET is using a "10" percent population value. SEET is using a "10" percent population value and was generally larger than 20 square miles when the US Census had sufficient information to determine further details.

****Lafayette Parish, LA, has been assigned to incorporate county (2). Under the map not to be assigned to incorporate (2).
